

## Overview

Cliffton Dry is a Sparkling Wine-Style Cider that is wonderfully delicate and light, with a refreshing clean taste. Cliffton Dry has a refined palette with notes of citrus and a slight soft note of apple at the finish. Cliffton Dry is fermented using the Charmat Method akin to prosecco. We support local farms that use all natural, best practice farming techniques and never, ever use preservatives or concentrate juice. Cliffton Dry has no sulfites or preservatives and is low sugar (0.02%), gluten free, and low alcohol (5.5%)

Cliffton Dry is best served well-chilled. Its enticingly smooth soft, round bubbles make it a stand-alone beverage for everyday enjoyment or it can be paired with food ranging from oysters, salads, sorbet, to chocolate. Our extended 3-month fermentation results in Cliffton being an easy, everyday sparkling wine that is good for your health. Excellent as an Aperitif and/or a palette cleanser or digestive with dessert.

## Back Story

Founding partner Shelagh D'Arcy-Hinds, a New Yorker who hails from South Africa, was inspired to create Cliffton Dry when she noted that a fresh, sparkling beverage like one of the sparkling wines she enjoyed in Cape Town was missing in the United States. She sought to create a light, healthy, 100% cold pressed apple based sparkling wine that would fulfill a desire among a new generation of drinkers who are looking for all-natural drinks that give you a light champagne buzz. Cliffton Dry is a fun beverage to drink, be it in the afternoon of the hot days of summer, or on the slopes after skiing, or as a healthier everyday option for today's stress filled schedules of urban living.

## Core Values

Cliffton Dry is a drink for a generation seeking a healthy, clean, light health and wellness drink to match their farm-to-table tastes. Clifftonians connect with REAL people who seek a product that is made with PASSION & INTEGRITY. Fake on any level is not an option.
